## Single Conductor 24 AWG Oxygen Free Shielded Audio Cable

### Description

- 24 AWG (7/32) OFBC with Low Density Polyethylene insulation and a Semi Conductive PVC covering, a Tinned Copper braid shield and an overall PVC Jacket

### Construction Details

#### **Conductor:**

- 24 AWG (7/32) Oxygen Free Bare Copper

#### **Insulation:**

- Low Density Polyethylene. Color: Natural

#### **Inner Shield:**

- Semi Conductive Black PVC

#### **Outer Shield:**

- 93% Minimum Coverage Tinned Copper Braided

#### **Jacket:**

- Flexible Black Matte PVC
- 0.150" Nominal O.D.

#### **Print Legend:**

- BTPA.COM CA-0492 MADE IN THE U.S.A.

### Electricals:

- **Conductor DC Resistance:** 24.8 Ohms/1000FT
- **Shield DC Resistance:** 7.77 Ohms/1000FT
- **Capacitance Conductor to Shield:** 37 pF/ft
